

COMPANY BACKGROUNDER

Snip-its Haircuts for Kids® is an innovative hair care and branded entertainment concept designed specifically for kids. With its colorful salons, custom animated characters and interactive games, Snip-its® offers a fun-filled adventure to untangle the hair-care challenges of children.

COMPANY HISTORY

In 1993, when Joanna Meiseles sought a hair salon that catered to her young children, instead of a salon, she discovered a business opportunity. After two years of extensive research and planning, Joanna opened the first Snip-its salon in Framingham, Mass., to rave reviews. With nearly a decade of experience and five successful Snip-its salons, Joanna launched a Snip-its franchise program in 2003 as a model for national expansion. Currently, Snip-its is headquartered in Burnsville, Minn., under the direction of CEO Jason Bakker. Snip-its is a prominent chain of children's hair salons throughout the U.S. with more than 50 locations in 17 states. Quality haircuts and unparalleled customer service set the foundation for its ongoing success, while the proprietary interior design featuring their own cast of branded characters make Snip-it's a truly unique adventure.

THE ULTIMATE HAIRCUT ADVENTURE™

Kids enter the salon, stepping into a magical, engaging, cartoon world characterized by floor-to-ceiling multicolored murals, splashy vibrant colors and the Snip-its larger-than-life branded mascots. Upon check-in, kids receive their Snip-its Adventure Club™ card, then meet and interact with Snips and the Gang – Flyer Joe Dryer™, Curly Comb™, Maranga Mirror™, Jean Luc le Spritz™, and Marlene™ & Charlene™, the Clip-ette Sisters™. With mom and dad close by and the kids entertained with tablet computers, Snip-its hair stylists can work their shear magic. Each station is designed for maximum safety and comfort, including a safety strap for toddlers, a parent chair, and plenty of room to move around. When the haircut is complete, kids can trade in their Adventure Club pass for a special prize from our branded Magic Box™.

In addition to haircuts and styles, Snip-its offers:

- Spa services – manicures, pedicures and facials using non-toxic, kid-friendly cosmetics and nail polish
- A retail space, with toys, Snip-its' professional line of kid-friendly, salon-quality, hair care products, hair and fashion accessories, and more!
